Lao Securities and Exchange Commission Office

Ref. No. 112/SEC
Vientiane capital, dated: 7 Feb 2011

Instruction on Securities Coding

- Pursuant to the Decree on Securities and Securities Exchange, Ref. No. 225/PM, dated 24 May 2010;
- Pursuant to the Regulation on Offer and Sale of Shares to the Public, Ref. No. 008/ SEC, dated 21 July 2010;
- Pursuant to the Decision on Organization and Operations of the Lao Securities and Exchange Commission Office, Ref. No.006/SEC, dated 08 July 2010.

The Lao Securities and Exchange Commission Office hereby issues the following Instruction:

**Section I
General Provisions**

Article 1 Objectives

This Instruction sets forth the principles and methods governing securities coding of enterprises wishing to offer and sell shares to the public, including listed and non-listed companies on the Lao Securities Exchange in order to facilitate the monitoring of securities trading and clearing and settlement.

¹ Although every effort has been made to convey the meaning and effect of each provision of the original Lao language version as accurately as possible, this English translation does not carry any legal authority. Only the original Lao text has legal force; this English translation is strictly for reference.

Article 2 Scope of Application

This Instruction shall be used by the Lao Securities and Exchange Commission Office as a reference for coding securities of securities issuing companies, including both listed and non-listed companies on the Lao Securities Exchange.

Article 3 Explanation of Terms

Terms used in this Instruction shall have the following meanings:

1. ISIN (International Securities Identification Number) means international securities identification numbers issued by ANNA (Association of National Numbering Agencies);
2. “NSIN” (National Securities Identification Number) means national securities identification numbers defined by the Lao Securities and Exchange Commission Office;
3. “Country Code” means country codes defined in accordance with ISO 3166;
4. “Attribute Code” means codes for each type of securities defined in this Instruction;
5. “Issuer Code” means codes of securities issuing companies, which include listed and non-listed companies on the Lao Securities Exchange;
6. “Classification Code” means codes that classify details of types of securities, month, year and time of issuing;
7. “Check Digit” means codes to verify securities issuing companies.

**Section II
Securities Coding**

Article 4 Overall Principles of Securities Coding

1. The Lao Securities and Exchange Commission Office shall issue securities codes to securities issuing companies, including listed and non-listed companies on the Lao Securities Exchange;
2. Each securities code shall not be overlapped with codes of other securities;
3. A securities code shall not contain financial information of the company but only be identified to facilitate trading and clearing and settlement of securities.

Article 5 ISIN Coding

In accordance with ISIN coding, securities codes consist of 3 parts and 12 digits as follows:

| Country Code | National Securities Identification Number | Check Digit |
|--------------|---|-------------|
| 2 digits | 9 digits | 1 digit |

- Country Code consists of 2 digits, that is LA (pursuant to ISO 3166), (see attachment 1);
- National Securities Identification Number consists of 9 digits, including numeric and alphabetic numbers;
- Check Digit consists of 1 digit and is calculated according to ISO 6166 (see attachment 2).
